## **WHAT'S YOUR STORY...GETTING AHEAD STAYING AHEAD!**

Training Programme - Motivational Presentation - Lecture Demonstration

Facilitator: **Paul Keens-Douglas BA (Hons.)**

- ☆ **Are you looking for a creative way to talk to your staff or your group members about the things they should or should not be doing?**
- ☆ **Do you wish to impress upon them your organizations vision of where it's going and how it hopes to get there?**
- ☆ **Do you want to reassure them of their role in all this as things continue to change?**

*If so, then Paul Keens-Douglas' well known wit and down to earth style is one sure way of getting your message a listening ear!  
Mr. Keens-Douglas Author, Dramatist, Presenter and Motivational Speaker will tell your story in a way that only he can.*

Presented as either, an Orientation/ Staff-training or Special-guest presentation, Mr. Keens-Douglas tailors his presentations to meet the needs of specific situations whether management or staff oriented. They have been successfully delivered to a variety of companies including many within the Hotel, Insurance, Tourism, Sport, Credit Union, Oil and Banking sectors.

Paul uses focused humor and narration to examine and demonstrate inter-personal and cross-cultural communication based on the Caribbean experience. While highly entertaining, he draws a clear and memorable picture of the problems and solutions. Mr. Keens-Douglas draws on years of in-the-field experience of Caribbean lifestyles from Guyana to the US Virgin Islands and the varied Caribbean communities in the metropolitan countries, drawing on personal archives unavailable elsewhere.

He highlights the hidden ingredients underlying Caribbean communication as seen from the cultural point of view, and focuses on "how we say what we say", noting that "what we say is not necessarily what we are saying".

He emphasizes the fact that each culture has its own peculiarities, and examines how best we can adopt and adapt these to make a better presentation of the message or story, to a staff that continues to deal in the realities of their on-going experience. Your people deserve the best!

### **Focus Areas**

- ✓ Know Yourself
- ✓ The Job as Performance
- ✓ Communication Skills
- ✓ Customer Service
